**Disability Parking:** University Disability Services (UDS) and Parking Services jointly manage all parking policy and parking requests based on disability. Faculty and Staff with specific needs should contact the University Disability Services at 617-495-1859 (voice) or by e-mail: disabilitieservices@harvard.edu. University Disability Services will request any medical documentation or other verification of disability or injury that may be necessary prior to the authorization of parking or shuttle services. Faculty and Staff who require accessible parking as a reasonable accommodation will not be required to pay more than the applicable rate for similarly situated individuals without disabilities who park in the same facility.

**Parking Cancellations:** To effect cancellation, hang tags, access card(s), transponder(s) and clicker(s) must be returned to Parking Services during regular business hours. The credit amount will be based upon the date the permit is received in the Parking office. If the permit is mailed it is strongly recommended that it be sent Certified Mail. Parking Services is not responsible for hang tags lost in mail. The permit holder is the sole person responsible for the permit unless it has been physically returned to the Parking office, and will be charged for the permit the entire time it is in the permit holder’s possession.

**No exceptions will be made to this regulation**

**Service Fees:** Lost Hang Tags and Access Devices: The fee is a $50.00 service charge for lost hang tags. Replacement or additional transponders or clickers are also subject to service fees. Please note parking hang tags, access cards, transponders and clickers are non-transferable.

**Citations, Late Fees, and Appeals:** All vehicles not displaying a valid Harvard University parking permit are subject to ticketing and/or towing without notice and at the owner’s risk and expense. Parking violations may be paid by check or money order (payable to Harvard University). Payment must be made within 21 days of violation in order to avoid a $10.00 late fee. Failure to pay parking violation notices may result in revocation of parking privileges. Additionally, for the following year, permits may not be issued to those individuals whose accounts have a citation balance. Anyone wishing to appeal a citation or tow must do so in writing within 21 days of violation. Specific appeal instructions appear on the back of the citation.

**The Motorist Assistance Program (M.A.P):** This service is available free-of-charge to all faculty, staff, students and visitors parked on Harvard University property who need help changing a tire, charging a dead battery or retrieving keys that have been locked inside a vehicle. M.A.P. service is available 24 hours, 7 days a week (including University holidays), by calling 617-496-HELP (4357).
