

# HARVARD UNIVERSITY MICROMOBILITY POLICY

## PARKING & STORAGE

- Parked micromobility devices must not obstruct accessible pathways, building entrances/exits, driveways, fire safety equipment, or emergency egress paths, and must be parked upright.
- Shared micromobility devices, such as Lime or Bird scooters, may not be charged on Harvard property including inside Harvard owned or operated buildings.
- Please refer to guidelines established by your department or building manager regarding scooter parking, charging, or overnight storage.

## OPERATIONS

- Micromobility devices may only be operated in areas where bicycle traffic is allowed, may only travel in the direction of bicycle traffic, and must follow all vehicular rules and regulations.
- Micromobility devices must be walked or carried on campus pathways and through dismount zones including Harvard Yard.
- Micromobility devices may not be operated inside buildings.

## SAFETY

- Micromobility users must obey all applicable state and local traffic laws and regulations.
- Helmet use is strongly encouraged while operating micromobility devices.
- Micromobility operations must yield to persons with disabilities, other pedestrians, and bicyclists.
- Micromobility device shall not be operated while under the influence of intoxicants.
